From the Editor

I had pretty good cause this weekend to be thinking what a great family of members we have here at WOS.

Saturday's working bee this weekend, as usual achieved a lot without a great deal of effort, due to the fantastic and jovial teamwork from the dedicated members that turn out to contribute in whatever manner they can.

Sure we did work hard at times - but well within our differing skill abilities as we joked convivially among ourselves and in a few short hours a range of tasks were easily completed at a relaxed WOS pace. Included were wayward breaks for fun advice on things like how to apply paint with the shiny side out or how to keep your grass looking half cut all the time -plus side shows available at times of innovative antics implemented by some during the completion of their chosen tasks.

The underlying professionalism did of course prevail and the high quality results are there for all to see in the presentation of the grounds and facilities at our Waikato holiday home we love to share with you all.

I cannot envisage a better way to escape from the stress of the working week by coming to the WOS working bee and sharing happy times with such nice people - & the entertainment was all free!!

24 & 25th November weekend at WOS

The first of this summer's perfect weather saw a good turnout of members and visitors camped at WOS all intent with the goal of relaxing and luxuriating in the club environment where all issues of the working week could be forgotten.

The pleasure of relaxing in the sunshine with nothing on their mind nor any place else, proved to be the most favoured pastime for one and all during the weekend, aside from quite a few intervals of floating about in the solar heated swimming pool for a refreshing dip and social chat in the almost 30 degree crystal clear water.

The sheer luxury of the total relaxation mode that one can so easily slip into in such picturesque surroundings here among friends is becoming a regular weekend

happening for more and more members and visitors as word gets around of the convivial atmosphere and great facilities that always seem to be a feature at the WOS club complex where there is a variety of choices available for soaking up the sun or strolling off to the cool shady spots along the nature walkways beside the stream.

The traditional 4:44 happy hour is always popular as is the often shared evening meal and there is always something afterwards for everyone such as the popular card game of five crowns or a pleasant spell in the hot tub where I for one sit back and contemplate the range of benefits one has from belonging these clubs of the Naturist federation.

WOS annual working bee held Saturday 30th November 2019.

The annual WOS working bee reached great heights thanks to Peter turning up with a cherry picker machine to enable access to those hard to reach areas that needed painting around the clubhouse. Consequently both Peter and Paul were able to do sterling work completing all of our outstanding tricky painting tasks with ease.

The teamwork of Marlene, Arthur and Eddie showed their merit by making short work of picking up the hedge trimmings from the car park areas and depositing them in the compost zone.

Georgie spent her time cleaning the entire steps area to the deck to have it looking like new again as other members set about completing a whole range of indoor and out-

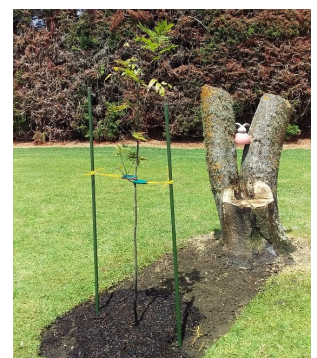

door maintenance and tidying up tasks around the complex. Impressive results were seemingly easily achieved with buzzing team work and in no time at all jobs were done and dusted. The working bee event list was wiped out, leaving just a trailer load of assorted discarded items to be transported to the tip.

There was nothing left on the “to do” list - so what else could we do with nothing on but

head for the pool to wet our appetite for making an easy meal of this year's working bee.

Last on the list was planting a replacement for the fallen tree.

Need a break

Come & hang out for a few days at W.O.S

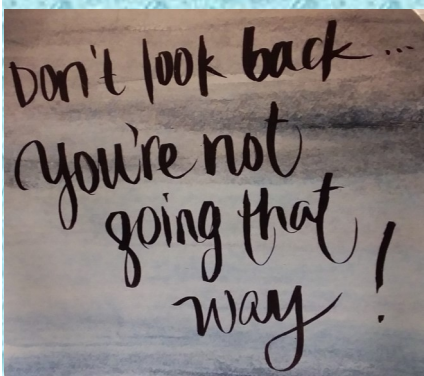

A reminder to our visitors

and members :- Here at WOS we have NO paid staff of any kind. The nice tidy and presentable grounds and kitchen and ablution areas you see here are kept to a standard entirely by volunteer members. You are expected to adhere to the traditional camping laws of cleaning up after yourselves and **taking your rubbish with you**. Don't tag yourself as the type that expects others to clean up your mess.

We are on Facebook and Twitter as well

Special thank you to Trudi for such a well equipped and organised Christmas card making event she put on at WOS on the 16th November.

High time !!

It was four in the morning when the WOS custodian's phone rang from the clubhouse. Bruce picked it up to hear a slurred voice say: "Excoosh me, my fren, hic, What time dush your bar open?"

Bruce replied "It doesn't open for ages yet but WOS protocol is pretty tuff and by the sound of your condition we won't allow you in."

"Allowed in?" burbled the drunk. "I've been waiting all dam night to get out!"

W.O.S grounds and facilities are yours and of course open to you and visitors at all times throughout the year so com'on over any time, any day and enjoy holiday and leisure breaks here among friends—use the unique wood fired Hot Tub, the BBQ, help out with a few chores if you want—explore the walkways, feed the eels, relax and enjoy, stay over for a night or two.

Popular after dinner game at WOS clubhouse.

Reminder _ Members as well as all visitors to the club grounds are required to fill out and sign the visitors book in the clubhouse on every visit. We have to meet local authority compliance requirements.
