## **Breaking News**, *received a couple of days ago from Annie Stone*

To All Wos Members

I'm very sorry to tell you all but Richard Bryce has died. It was last Wednesday after a fast cancer. I know he would like me to let you all know. If you have any questions I'm on 021638800 or [anniestone.yarrow.com](http://anniestone.yarrow.com).

Richard was a notable member of the club spanning many years.

**He served the club under many umbrellas, wearing different hats over the years, in such rolls as, Treasurer and most recently as President. Therefore, his valued contributions to WOS, spanned a time frame of a significant segment of his life.**

**On retirement Richard, Annie & Oscar moved to a new lifestyle at Raetihi, which of course made it more difficult for them to participate in the running of the club.**

**His history and input to the moulding of the club was significant, and valued members of his calibre will be sorely missed by The Waikato Outdoor Society.**

**Our condolences go to Annie and their families.**

## Editor's Ramblings

That's it September has gone and we are only a few days away from getting back into the swing of it, finding the sun.

I would personally like thank all of you who threw wisdom out the door and volunteered to dig, construct boxing and pour concrete so that we can all relax in our new barbeque and shade areas this summer and for years to come.

A special thanks goes out to the digger drivers Kelvin, Casey and Graeme without them we would still be there digging 6 weeks later, and to everyone else who popped in to help the concrete pour especially Stuart for all his concrete floats etc a God send.

**Spring Time Labour Weekend Clean Up** is still on with lots of jobs for everyone, list on page 5, choose your chores—full list in the clubrooms.

We will have a official opening of the Barebeque and supply a sausage or two for lunch and free camping for the workers. Maybe a drop of bubbles to bless it all with.

Later on the Saturday you are all invited to "Lisa's Mad Hatter Evening" where you can create a "Mad Hat" from your own supplies or Lisa will supply a hat for you but we will need to have numbers so let Robyn know asap.

[wosoutdoor@gmail.com](mailto:wosoutdoor@gmail.com) if you would like one.

We will have a few sausages left over from lunch to celebrate with so bring along your favourite dish to share.

Bring your triangles and other musical instruments and join guitarist Jim and others in a singalong into the night.

# Barbeque Construction weekend plus workout

It all started out with a plan. We get the boys and gals on their toys to dig out the barbeque pad and pathway. We would get a bigger toy in to pour the concrete and even though it got stuck in the mud we managed to push him out! Then we got the experts in with their hand tools to level and spread the said concrete. Another toy spread the dirt we had dug up and filled the truck ruts in to complete the picture. We then lifted the previously constructed Gazabo on to the pad. All we need to do now is place barbeques in said shelter and enjoy the summer time!

Official opening with a toast to celebrate.

Go Kelvin not much more to do. Just to the end of the building

Got to get that boxing just right!

Go Casey You've played on these toys before!

End of the day, now to find the digger's trailer

Here it is. I will watch while you do the hard work Casey

Anybody home? I have a delivery for you

Right, just pour it here and don't get stuck. Oh dear you did!

Good spot for a spare Spa.

No, we have already built the Gazebo for there

Well Done everyone involved. Great job done and we had lots of fun doing it!

**HUGE THANKS EVERYONE**

Boy, can this little toy move some dirt in a hurry.

## Trivia Night

Well a great night was had by all, early tea then watch the rugby after which we had to draw different coloured tokens to mix everyone up, still had a couple on one table, so that plan didn't work, never mind, all good fun. The questions were well sourced

although some of the answers were questionable but as with all good quizzes the Question Master is always right!

The use of the screen was a great help.

Thanks goes to Wendy for the research and presentation also for Yvonne for a late stand in for Mike G who was unfortunately out of town.
